- ✓ Bug fixing
- ✓ Image cropping
- ✓ Photo Editing
- ✓ Web application development

CAREER STATEMENT

Driven and aspiring Front-End Developer with an unwavering passion for personal growth in web development and technology. Adept at navigating HTML, CSS, JavaScript and React, I am committed to mastering the intricacies of front-end frameworks and staying at the forefront of emerging trends. Having cultivated a foundation in responsive design and user-centric interfaces, I am enthusiastic about contributing my skills to innovative projects. Eager to immerse myself in a dynamic tech environment, I seek opportunities to collaborate with seasoned professionals, fostering an environment of continuous learning. My journey is fueled by a curiosity to explore evolving technologies, seeking not only to contribute but to absorb insights that propel my career forward. Eager to embrace challenges, I am poised to leverage every experience for personal and professional advancement in the ever-evolving landscape of web development.

Front-end Web Developer

PERSONAL SUMMARY

Enthusiastic and results-driven Front-End Developer with a proven track record in crafting visually stunning and highly functional websites. Adept at translating complex design concepts into clean, efficient, and responsive user interfaces, I bring a passion for innovative web development and a keen eye for detail. My journey in front-end development has equipped me with a skill set in HTML, CSS, JavaScript, and various front-end frameworks. I thrive in dynamic environments, leveraging my creativity to enhance user experiences and consistently delivering projects that exceed expectations. My commitment to staying abreast of the latest industry trends ensures that my work aligns seamlessly with cutting-edge technologies. Now, seeking to further hone my skills and contribute to cutting-edge projects, I am eager to embark on a Front-End Development internship. I am confident that my technical expertise, coupled with my passion for creating exceptional user interfaces, will make a significant impact on any project I undertake.

CAREER HISTORY

Kencodict Tech Company
Front-End Developer and UI/UX Designer   July 2021 – Present
